

Educational Testing Services | Chauncey Convention Center

Project date:

Wednesday, December 10, 2014

New storefront and curtain wall for Educational Testing Services, Chauncey Convention Center. We did many various windows and storefronts, aluminum doors in this complex. We are an approved glass and glazier for their maintenance. Kawneer Wide Stile doors, 451T Storefront systems and aluminum windows. 1" Insulated and tempered glazing, custom colored plexiglass was installed into storefront framing @ the Bar/Restaurant area. Window film was included on a few of the windows and doors to provide privacy and sun protection.

The view on this photo is overlooking the exterior patio and deck outside of the bar/restaurant area. A monumental achievement in glass and aluminum windows and doors.
